Help-for-the-Elderly

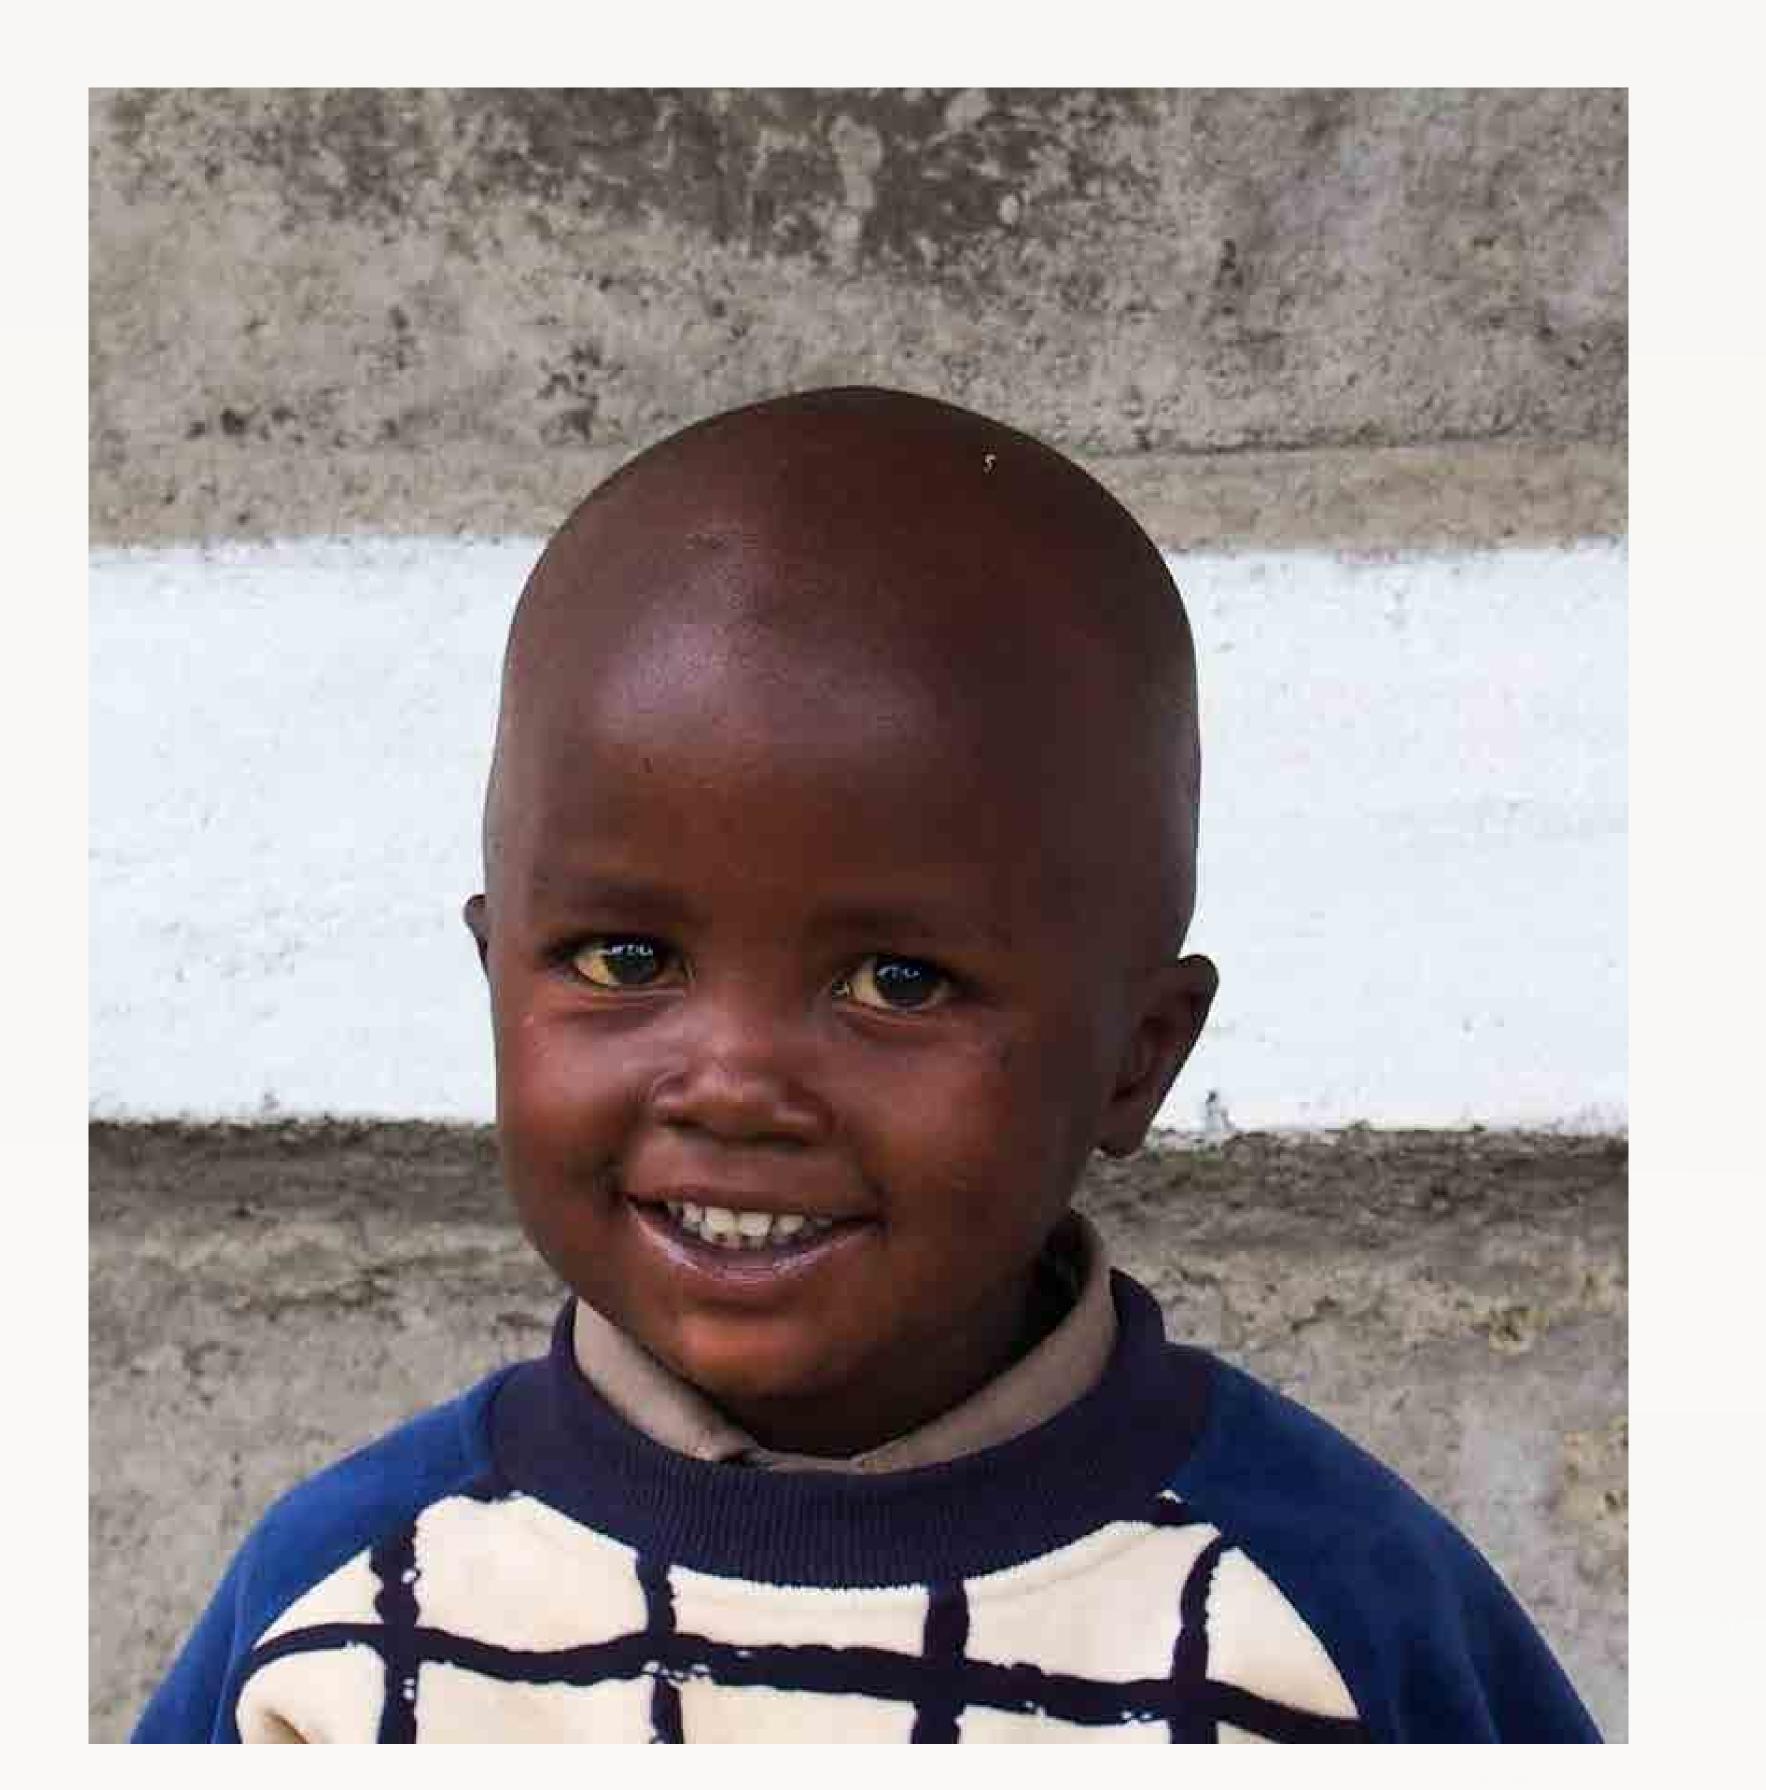

Hope-for-the-Handicapped Supplies food, equipment, and other aid to Cares for elderly people through a monthly food parcel, \$10 cash, and Christian literature. disabled or handicapped individuals.

Hello, my name is Thin (Theen-jee)

I am a 74-year-old man in Kenya. I cannot walk because my hip is dislocated and my left knee is locked in a sitting position.

I used to spend my days in a small, dark room. My wife and I were estranged for more than fifteen years. I was overcome by depression and believed I would die alone in my little room.

Then CAM staff in Kenya found out about my deplorable needs. They contacted my wife who agreed to help care for me. I was moved from my lonely room to an apartment, where CAM staff supplied me with a bed, chair, and table. They also gave me a Bible course to study.

I was amazed to receive this help. "Have you ever seen anything like this?" I exclaimed. Instead of dying alone in my room, I am reunited with my wife and receiving the help and hope I desperately needed.

Thinji was helped through CAM's **Project Good Samaritan** program.
